40" / 32"

androidtv

The MTB7000 is a smart LED television with full HD screen technology that will bring pure TV enjoyment to your home with Android 9.0. Its streamlined design will fit unobtrusively into your living environment. Enjoy the freedom of watching what you want, when you want – because smart TV combines a limitless range of streaming services with the convenience of classic television. Whether games, sports, series or blockbusters: you can extend pre-installed VoD services such as Netflix and Amazon Prime by simply downloading any other TV-compatible app from the Google Play Store. An integrated HD triple tuner enables reception of all current types, from cable (DVB-C), to satellite (DVB-S2), through to terrestrial television (DVB-T2).
